## CHAIRMAN'S WELCOME

---

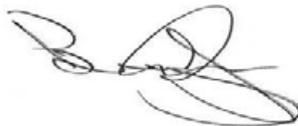

It gives me great pleasure to welcome you all to this the 31<sup>st</sup> annual GWCT Scottish Auction and Dinner. What began as a modest gathering all those years ago has become a firm favourite in the diaries of many, and, thanks to all who have supported it, raised in excess of £2.9m. With your help this year let's raise that figure to over £3m.

The trust is an apolitical body committed to the preservation of species and philosophy. Detailed research is committed to interrogating rural issues, from brown hares to grey partridges, grouse welfare to curlew populations, investigatory initiatives unique to the conservation cause. That is not to detract from the excellent work carried out by other organisations but their objectives are often more focussed on the activities of participating individuals rather than scientific assessments. There is, of course, a symbiotic co-operation with common goals but the GWCT's brief is perhaps more widely embracing than simply being dedicated to what, in Victorian times, might have been described as sporting prey species.

Funding is always an issue. The pie chart in this catalogue details the income sources and financial outflowings of the organisation. While those of us who shoot, fish, stalk or simply enjoy the bucolic idyll have many high profile opportunities to support these activities through monetary contributions, the GWCT has no such avenues save for events such as tonight's dinner and other comparable efforts around the country including the Scottish Game Fair at Scone to whose attendance in July I commend you. That is why your presence here tonight is so important along with the extraordinary generosity of our lot donors, sponsors and cash donors. Membership of the GWCT is still very disappointing. Perhaps it is not seen as a voice for rural affairs but without its work our countryside, already under threat from the prejudiced and ill-informed, will remain under siege.

Obviously I hope you enjoy the evening, supported by Prestonfield and its excellent staff, but please acknowledge the Trust's work with clink of coin, the rustle of notes or the click of an e-transfer to enable the GWCT to continue its excellent research work.

Thank you.

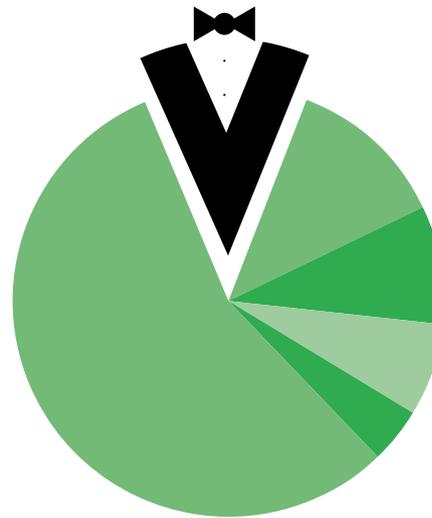

Bryan Johnston

# THE DIRECTOR'S CUT

---

I am delighted to welcome both regular and new attendees to the Game & Wildlife Conservation Trust's Prestonfield Auction 2019. This long standing event for the Trust in support of countryside conservation is the result of a great deal of hard work by the Auction's committee. As the new Director Scotland for the Trust I am delighted to take this opportunity to thank Bryan Johnston, the committee chairman, for all he has done over the last 4 years.

I have started working with the Trust at a time when there are many challenges and opportunities for game and wildlife in Scotland. It will be my role to ensure that the Trust's work in these areas is supported and developed, both financially and by 'spreading the word'.

It has been fascinating to begin to understand better the breadth and depth of the work undertaken by the Trust. I am clear on the importance of Auchnerran, our farm on Deeside, as a means for demonstrating how to achieve a thriving countryside rich in game and wildlife. A visit to Auchnerran is special and informative and we would like to see many more visitors. Perhaps you might visit this year if you are the successful bidder on the sport we are offering at the farm this evening at Lots 1 and 11.

The GWCT Scottish Game Fair is another high profile event for game conservation in Scotland. Running over the 5th to the 7th of July this year at Scone Palace, the Fair will have a heather moorland theme. This recognises that the focus of much of the Trust's work in 2018 has been on the uplands, and that this will continue in 2019.

Threats to our sporting culture and management are too often starting in the uplands, so the Trust has supported the moorland keepers and owners who not only deliver great sport, but also globally important conservation. We helped deliver the first of a new kind of licence aimed at reducing predator impacts on curlew, improved advice on the control of sheep ticks, and proved that combining hill farming and keeping can produce a nationally important population of lapwings.

Scotland's countryside needs to produce food, grow timber and provide recreation opportunities, but as a result shooting, stalking, fishing and wildlife are being increasingly squeezed. I am greatly looking forward to working for the organisation which is dedicated to researching and delivering knowledge, practice and policy to reduce and reverse that squeeze.

Your attendance tonight means that our charity will continue to be able to promote the need for game conservation and wildlife management in our countryside. Thank you, and enjoy your evening.

# A MIXED SPECIES ROUGH SHOOT FOR 4 AT AUCHNERRAN WITH ACCOMMODATION AT DOUNESIDE HOUSE

Support the Trust's biggest Scottish project by taking a day's guided rough shooting at Auchnerran Farm, Deeside. Now in its third season, the shoot promises a fantastic mix of species for a great day's sport. Optional farm tour with Merlin Becker from our advisory team is included.

One week fishing for two rods at Grimersta on the Isle of Lewis, including all meals and accommodation at Grimersta Lodge. There is also excellent brown trout fishing on innumerable lochs. There is an experienced team of ghillies.

The changeover date is Wednesday at 6pm, with fishing from Thursday to the following Wednesday. The suggested date for this lot is Thursday 5 to Wednesday 11 September 2019, however it could be deferred until the 2020 season, by arrangement with the Estate Office

## DRIVEN PHEASANTS FOR 8 GUNS, WITH ACCOMODATION AND 4 COURSE DINNER FOR 16 AT DUNS CASTLE

Three donors have come together to form one exclusive lot:

This is a unique opportunity to shoot some of the best driven pheasants on offer. The day will take place on one of Eskdale's high bird shoots in the Scottish Borders or Lammermuirs, near to Duns. The choice of the exact venue will be made nearer the time, ensuring that the lucky team are not disappointed.

The day will take place during the latter half of January 2020, by prior arrangement with Wilson Young. Should the day be cancelled due to adverse weather, the team will be offered an alternative date the following season. Estimated bag of 200 pheasants and partridges. Mid-morning soup, smoked salmon & sausages and lunch are provided, the latter includes fine wines!

Dinner, accommodation and breakfast for the 8 guns and their partners will be provided at Duns Castle either the night before or the night of the shoot. Additional accommodation may be purchased to suit.

Duns Castle sits as the centrepiece of a beautiful 1,200 acre estate, with its own nature reserve, forest trails and extensive lawns. This award-winning property has been in the Hay family since 1696 and is today the home of Alick and Aline Hay. It is not open to the public but is available for exclusive-use bookings such as weddings, meetings, film shoots and events. The castle is located on the edge of The Lammermuirs, not far from the Tweed and in the middle of Berwickshire Hunt Country. In 2020, the castle celebrates its 700<sup>th</sup> anniversary.

Your 4 course dinner will be cooked by Suresh of Kindred Kitchen. Now Edinburgh-based, Suresh learnt his trade working in well-known professional kitchens including Le Gavroche under Michel Roux Jnr, and Ottolenghi under Yottam Ottolenghi and Sami Tamimi. # D-DAY LANDINGS BATTLEFIELD TOUR WITH IAIN GALE

As we approach the 75th anniversary of D-Day, Iain is offering this four day bespoke guided tour for a party of four people. Up to another 4 could be included by separate arrangement with him.

The price includes a four day guided tour with an introductory talk, three nights accommodation with breakfast and a three course dinner (excluding wine), admissions to five key museums and transport to and from Caen international airport and around the battlefield. Drygrange fishings are located between Tweedwood and Gledswood in a truly picturesque part of the Tweed Valley. The beat is let on a two rod basis and consists of one long pool fishing both banks. Other than in high water it is very much a wading beat, fly fishing only, with access to a hut for lunch (bring your own). Drygrange is probably the shortest beat on Middle Tweed, but on its day and in the right conditions can often be most productive. The 5 year average is 53 salmon and 12 seat trout. However one epic day in 2014 produced 15 salmon. Edward Dodd, the very helpful ghillie, will be in attendance at the start of the day, but will not be present all day long. A clean fish may be kept.

## A CASE OF CHATEAU LAMOTHE BERGERON 2012 HAUT-MEDOC CRU BOURGEOIS

A blend of Cabernet Sauvignon, Merlot, Petit Verdot and a splash of Cabernet Franc, this 2012 is drinking deliciously right now; with classic Medoc hallmarks of plush darker fruit, and a very sensual overall feel. The blend itself is predominantly Cabernet and Merlot in near equal measures. The grapes are sourced from low yielding, old vines and following picking are rigorously sorted and the winemaking adapted to each individual plot to ensure the best possible wine is produced. Aged in French oak barrels for 12 – 18 months to add richness and complexity. Already drinking beautifully but has good cellaring potential up until 2025.

Chat to the passengers and experience the wonderful wildlife in one of the busiest stretches of west coast water for creatures of the sea and air. Usually on parade is the local sea-eagle, Victor, and you might easily see whales, seals, otters, dolphins, porpoises and basking sharks as well. Try fishing from the ferry; or go on an adventure and bbq at sea with friendly and well behaved ferry company director, Chris Main. Take home a now famous ferry jumper, cap, mug and a pair of matching ferry wellies.

There are several places to stay locally, from the Glenelg Inn, to several B&Bs and self catering options including The Green House (Lot 59) - why not bid for both?

## FURTHER INFORMATION

Lots can be paid for direct to GWCT by cash, cheque or credit card at the desk, or online through Givergy (at a small cost to us). We will email you an invoice.

Cheques should be made out to “GWCT Scottish Auction”. Lots can be collected from the Chairman, Bryan Johnston, or the auction manager, Angela Walker, by arrangement once full payment has been made (tel: 07594 929783).

## GIFT AID

In cases where auction lots have been provided by individuals it may be beneficial from a tax perspective for these auction lots to be sold on behalf of the providers of the lots, and although they will be given 21 days in which to ask for the proceeds of sale to be sent to them it is believed that they will not do so and by not doing so that they will gift the proceeds to GWCT under GiftAid, thus adding 25% to the hammer proceeds. For this reason some of the lots are in fact being sold for the providers of the lots.

In the remainder of cases, where the successful bid exceeds the known reasonable market value of the Lot, the purchaser, by signing a Gift Aid Declaration (you must be a UK taxpayer and have tax paid or payable equivalent to the relief being claimed), will be able to enhance the value of their donation. GiftAid allows the Game & Wildlife Conservation Trust, being a Charity, to claim an addition 25% on the difference between the market value and the winning bid. The Committee urge you to help them maximise funds generated by their auction for the Game & Wildlife Conservation Trust in this way. This is at no additional cost to yourself, and if you are a higher rate taxpayer you may be able to claim further tax relief via your self-assessment tax return of a further 25% of the difference.

At the time of payment you will be advised which case applies and where appropriate asked to sign a Gift Aid Declaration form.
