"You will see that this year we have Black Grouse on the front of our catalogue. This seemed particularly appropriate as they are red-listed as a species of high conservation concern and are one of the most iconic species we have here in Scotland."

Chairman's Welcome

As Chairman of this Auction Dinner, I am delighted to be welcoming you all here tonight to raise both awareness and funds for GWCT in Scotland. We were thrilled that with your help we achieved a profit of more than £110,000 last year. This annual dinner is one of the largest fund raisers for the charity and it would be wonderful if we can keep up this momentum!

As many of you know, the GWCT is highly regarded by governments both North and South and with the science-based research that is produced we hope that policy decisions will be increasingly well informed in matters relating to our countryside going forward. With budgets being squeezed the Scottish government is leaning more on bodies such as the GWCT to help them and accordingly the support from fund raising events such as this is vital to help provide the resource needed. GWCT are apolitical and have been researching and developing game and wildlife management techniques for over 80 years. They also provide training and advice on how best to improve the biodiversity of our countryside and are very much a source of reason rather than hearsay.

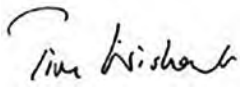

You will see that this year we have Black Grouse on the front of our catalogue. This seemed particularly appropriate as they are red-listed as a species of high conservation concern and are one of the most iconic species we have here in Scotland.

A great deal of hard work goes into making this dinner such a great occasion and this would not be possible without the support of generous corporates and individuals such as we have here tonight, as well as our wonderful committee who have brought their collective experience to our meetings and ably sourced the wonderful auction lots that we have on offer.

I would like to extend a special thanks to each of our main sponsors; Pentland Landrover, Saffery and Invenergy. If you are not already familiar with these companies please refer to our dedicated sponsor page in this catalogue which will tell you more. They are all represented here tonight by taking a table and would be delighted to meet you.

Thanks must also go to Prestonfield House Hotel for providing us with this delicious dinner and the wonderful surroundings, to Highland Game for donating the venison for our main course and to those companies that have taken advertisements in our catalogue. Also, to our very loyal donors, many of whom have supported us for a number of years and in particular to the Glenrinnes estate who have again provided the most wonderful days shooting. Please have a very good read of the catalogue and don't forget to take it home with you!

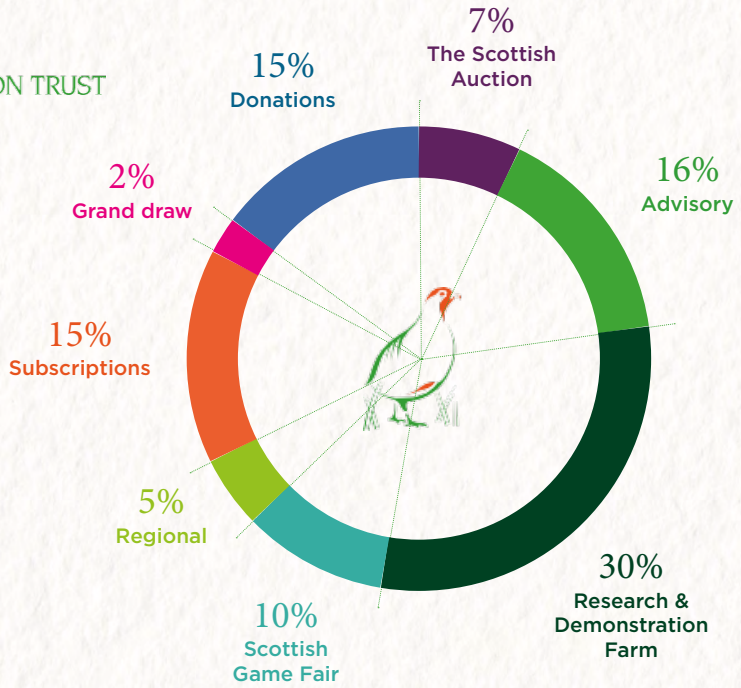

I do hope that you all have a wonderful evening and I look forward to meeting as many of you as possible.

Director's Cut

Dear Guest,

The past year has seen both challenges and progress in Scotland's land use sector. With new policies shaping the future of grouse moors, deer management, and agriculture, GWCT Scotland remains committed to ensuring that decisions are guided by sound science and practical solutions. Our work continues to drive meaningful change, from advocating for fair legislation to supporting conservation efforts that safeguard Scotland's unique landscapes and rural way of life.

A key focus of our research moving forward will be understanding the causes behind successive poor breeding years in red grouse. With Scotland's uplands facing increasing pressures, it is more important than ever to ensure that land management decisions are shaped by robust scientific evidence. Identifying the factors driving these declines, will help us to develop practical, research-led solutions that support both conservation and sustainable moorland management.

This evening is an opportunity to support the vital work of GWCT Scotland. Every bid contributes directly to research, advocacy, and on-the-ground conservation efforts that protect our wildlife and countryside.

Your generosity makes a real difference, ensuring we can continue to challenge misconceptions and promote policies based on evidence, not ideology.

We were also deeply saddened by the passing of Alastair Salvesen CBE in December 2024. A dedicated supporter of GWCT Scotland, Alastair's generosity and commitment to conservation left a lasting legacy, and his presence at this event will be greatly missed.

Please enjoy the evening, raise a glass, and bid knowing that your support is helping to shape the future of Scotland's countryside.

Dr Nick Hesford,
GWCT Interim Director, Scotland

Privacy Policy: We will use your details to fulfil your request. For more information about how we protect your personal data, please see our Privacy Policy on our website *www.gwct.org.uk*

How to Pay

Lots can be paid for direct to GWCT by cheque, BACS or credit card, or online through the link in your bid success notification. We can email you an invoice if required. Once you have paid you will receive a Voucher by email (from the Scottish Auction office or the online auction platform EMMA) which gives the details of the person you should contact to redeem your auction prize. The donor will be given the name of the successful bidder but we ask the bidder to make contact to make arrangements. If you have any difficulties, please contact Lois Bayne-Jardine, Auction Manager scottishauction@gwct.org.uk. Cheques should be made out to GWCT Scottish Auction; arrangements for delivery of auction lots to be made through the Auction Manager, Lois Bayne-Jardine, once full payment has been made.

GiftAid

In cases where auction lots have been provided by individuals it may be beneficial from a tax perspective for these auction lots to be sold on behalf of the providers of the lots, and although they will be given 21 days in which to ask for the proceeds of sale to be sent to them it is believed that they will not do so and by not doing so that they will giftthe proceeds to GWCT under GiftAid, thus adding 25% to the hammer proceeds. For this reason some of the lots are in fact being sold for the providers of the lots. In the remainder of cases, where the successful bid exceeds the known reasonable market value of the Lot, the purchaser, by signing a GiftAid Declaration (you must be a UK taxpayer and have tax paid or payable equivalent to the relief being claimed), will be able to enhance the value of their donation. GiftAid allows the Game & Wildlife Conservation Trust, being a Charity, to claim an addition 25% on the difference between the market value and the winning bid. The Committee urge you to help them maximise funds generated by their auction for the Game & Wildlife Conservation Trust in this way. This is at no additional cost to yourself, and if you are a higher rate taxpayer you may be able to claim further tax relief via your self-assessment tax return of a further 25% of the difference. At the time of payment you will be advised which case applies and where appropriate asked to sign a GiftAid Declaration form.

If at the expiration of a further seven days the lot is not paid in full, the sale may be rescinded without any notice being given to the buyer. Ownership of a lot purchased shall not pass to the buyer until he has made payment in full. Nevertheless, every lot shall be at the sole risk of the buyer from the fall of the hammer.

10. For this sale the Game & Wildlife Conservation Trust (Scotland) will charge no vendor's commission nor will the buyer's premium apply.

11. Purchasers of shooting days are required to ensure that any person who takes part in the shoot is a safe and experienced shot and is fully covered by Third Party Insurance. CHEF'S NOTES

The roe is a delicate meat, so is paired with a lighter, fresher flavoured cider-based sauce. Combining pine with apple, especially as deer eat young pine in winter, is a natural pairing. Brambles go nicely with apples and celeriac, and the game chips add texture.

CHIMERE CHAMPAGNE Brut NV, Troissy.
This Champagne is perfect to enjoy with friends and good company. It is light and delicate with a good 'mousse' steady stream of bubbles. Expressive fruit, white flower aromas, that culminates in an elegant, long finish.

GUSTAV LORENTZ 'CRUSTACES' PINOT BLANC 2022, Alsace-France.
Produced from a 70 / 30 blend of pinot Auxerrois / Pinot Blanc it has a delicate bouquet which exhales white flowers, honey, melon and citrus aromas. The mouth is lively, dry, pleasant and perfectly balanced with a well-integrated acidity and a touch of minerality.

CHATEAU ARGADENS 2019, Sichel Family. Medoc-France.
This wine has a good brick colour indicating maturity with a classic Bordeaux nose of deep, concentrated Blackcurrant fruit and leathery spice. The palate is generous and complex giving delicious, dark, bramble fruit, tobacco, and cloves with gentle hints of vanilla oak and soft, ripe tannins.
